Good Day,

Representatives of your Association Board of Directors will be on site Friday, August 7th, 2015 between the hours of 10:00 AM and 12:00 PM. During this time they will need to access to every Snowmass Mountain Condominium unit to photograph the fireplaces and hearths. This is part of the fireplace flue replacement pre-construction due diligence to confirm the current condition and finishes in order to have a successful construction project.

Please contact Aaron Walker at 970-456-3349 or Jerome Simecek at 970-923-4950 with any questions.

Regards,

Snowmass Hospitality Management
